January 16th, 2019 - Number 3 Use LOW magnification and make sure your scope is properly adjusted If you take away only one thing from reading this page let it be this Magnification is NOT a measure of a telescope s quality or capabilities Many beginning astronomers think that high magnification is they key to great viewing

Case For Moon First Gateway to Entire Solar System Open

January 14th, 2019 - I don t know if it is going to be commercially viable to return the PGM s but if it is going to be viable at all to set up a space settlement supported by commercial industry it seems most likely to be viable on the Moon perhaps even before asteroids given the easy accessibility the lowest delta v asteroids have orbits most similar to Earth s and so phase in and out slowly so are most
